8:48 AM

Good Morning Stu, just wanted to say thanks so much for assisting me the last 3 months. I've made some big changes and plan on continuing my progress. Today 3 months after I started I weigh 140! That's 15 pounds in the scale. I've lost 3 1/2" off my waist, 4 1/2" off my stomach, 3 1/4" off my hips and 2" off each thigh. The pictures don't really show the improvement. I'll keep on the process moving forward. Thanks
